New Low PIM Adapters from Times Microwave Systems

Times Microwave now offers an extensive selection of high quality low PIM adapters. Twenty-six individual adapters are available which include 4.1/9.5, 4.3/10 & 7/16 DIN as well as type N interface series. Three standard kits are available as well as custom kits which may contain as few as ten and as many as twenty adapters. Multiples of the same adapter are acceptable. Adapters are in stock, allow one week additional for kits.

About Times Microwave Systems

Times Microwave Systems has over 60 years experience in designing innovative, high-reliability, coaxial cables and assemblies for demanding interconnection problems. An engineering oriented organization, the company specializes in the design and manufacture of high performance flexible and semi-rigid coaxial cable, connectors, and cable assemblies for RF transmission from HF through microwave frequencies as well as surge arrestors for the protection of RF equipment.
